OUTDOOR SPORTS AND PHYSICAL MOVEMENT ARE MORE IMPORTANT TOPICS THAN EVER. A SPORTIVE THEME, VISUAL MOVEMENT, IS BASED ON PERFECTED FUNCTION AND HIGH-GLOSS SURFACES. THE GRAPHIC PRINT IS CONSTRUCTED FROM ARCHITECTURAL SHAPES WITH EXQUISITE DETAILING. THE BRIGHT COLOURS FEEL AS FRESH AS A MORNING BREEZE AND WILL HELP IMPROVE MOST DRIVES.

MATERIALS

THE ELEGANCE OF OUR GARMENTS GOES BEYOND TRENDS AND SEASONS. WHETHER YOU WANT TO STICK TO MAGIC SUPER STRETCH OR TRY THE LATEST BREAKTHROUGHS, WE OFFER MATERIALS FOR FEMALE GOLFERS THAT ARE BOTH COMFORTABLE AND FUNCTIONAL.

MAGIC SUPER STRETCH

A Magic garment features built-in control and an especially comfortable zipper-free waistband. The new Magic super-stretch material affords maximum freedom of movement and the straight modern cut creates a slim silhouette. Our Magic bottoms are made for active golfing as well as for leisure.

MICRO LIGHT

Our Micro Light garments offer a second layer for outdoor use. The design reflects the latest trends in the sport and golf wear category while keeping functionality in mind. The feeling of fleece on the inside keeps you warm and dry on the course and makes the garment very soft and comfortable.

MIRACLE PRO STRETCH

High quality material combined with functional styling and unique design make these garments technically superior and modern. The Miracle Pro Stretch is soft and comfortable and affords full freedom of movement. The material is breathable, has an antistatic finish and is easy to care for.

PRIMA LIGHT PADDING

This super lightweight padding is warm, breathable and quick drying. The padding is also compressible and can easily fit into a small compartment in your golf bag. The prima light padding keeps you warm both during active golfing as well as at leisure.

QUICK DRY

Produced with a high-tech breathable material for active outdoor wear and featuring excellent ventilation and rapid moisture absorption, this garment feels dry, cool and comfortable. The fabric dries quickly, features perfect colourfastness, will not fade in sunshine and is easy to care for.

LYRIC

The Lyric quality is created both for active golf play and for leisure wear. This high-tech fabric has a 4-way stretch which affords maximum freedom of movement and fits comfortably close to the body. It is produced from a breathable material with an excellent ventilation. It has a soft finish and is easy care. Lyric is suitable both for spring and summer, as the garment is light weight.

WIND LIGHT PRO STRETCH

This lightweight, ultimate pro-stretch material is wind resistant, soft, comfortable and affords full freedom of movement. The fabric is breathable, has an anti-static finish and is easy to care for.

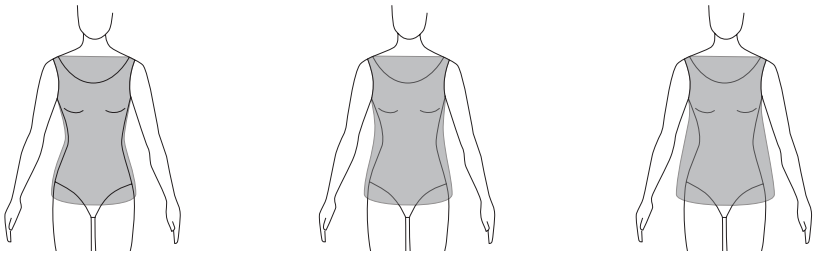
WIND MINI MICRO

This lightweight, wind-resistant fabric is developed for both active golfing and leisure wear. High-tech, wind resistant, water repellent and breathable, the material keeps you dry, has an antistatic finish, blocks cold wind and is easy to care for.

WIND PUSH

Our wind push material is created for both the active golfer and for leisure. The material delivers superior breathability and comfort and the fine surface allows internal moisture to be wicked away while simultaneously preventing water permeation from the outside. Wind push is wind resistant, water repellent, breathable and easy care.

RECYCLED – our symbol for recycled materials.



OUR THREE SILHOUETTES

We believe in comfort regardless of body types. It is about individual preference. Therefore, we have developed three silhouettes for our tops to choose between.

SLIM – Tight fit. Narrow shape.
REGULAR – Standard fit. Slightly shaped in the waist.
RELAXED – Looser fit. Relaxed at waist area.

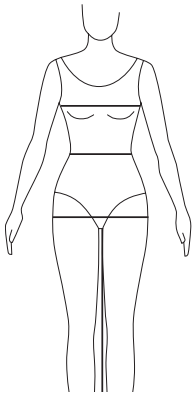
MEASUREMENTS AND SIZES

CHEST
Measure around the fullest part of the bust and straight across the back.

WAIST
Measure your waist at the narrowest point.

HIP
Stand with feet together and measure around the fullest part of your seat, about 20 cm below the waist.

INNER LEG LENGTH
Measure from the top of your inside leg down to the floor.



TOPS: XS–XXL

BOTTOMS: 30–46 AND XS–XXL
